BFCT 2010 RED: This group will have an active roster of approximately 12 players, which will include competitive 2010 players who are not on the U12 Red roster. Game rosters will typically be limited to 12 players. During the fall season, the 2010 Red team will play in the OYSA U11 Division I league and will play in the President's Cup.

BFCT 2010 WHITE: This group will either have one or two teams, depending upon the total number of players who join the club following tryouts, and will feature players not placed on the U12 Red or 09 White rosters. Game rosters will typically be limited to 12 players. During the fall season, the 2010 White team will play in the OYSA U11 Division II league and will play in the Founder's Cup.

We will also form **Blue** teams if there are sufficient numbers in either 2009 or 2010 age groups. These will be comprised of the players who need the most technical development at the time. These teams will be placed in an OYSA league that matches their skills and tests them accordingly. Post season play will be in the Founder's Cup competition following the Fall season. However, there may be opportunities for these players to guest play and train at the next level up with the Age Group Director and team coach recommendation.

Simply put, each player will be placed in a team that matches their current level of development. Each team will train at least twice per week with a consistent group of our coaches. Each player will also have opportunities to guest play in games with other teams to maximize the amount of competitive opportunities available.
