

Personal: David has lived in Bend for 3 years now. When he is not coaching or playing soccer you can find him on the mountain in the winter with his snowboard or enjoying the fresh mountain air outside.

Playing: David grew up outside of the club soccer system in Salina, Kansas but was lucky enough to be noticed at a tryout in Kansas City. He went out to play 4 years at William Jewell College (Center Midfield) and a semester in Madrid, ESP. His highlight of college was winning the conference (Heart of America) and finishing 3rd in the nation at the National Tournament. During his junior and senior year he trained with the KC Brass (PDL) and was part of the Pace MLS Combine in KC after his senior year. He joined the Peace Corps after MLS didn't work out and then spent two years living in Novomykolaivka, UKR. There he played with the local club FK Lokomotiv in both the semi pro futsal and Rayon Outdoor League (3rd Division).
