

**Personal:** A native of Uruguay, Julio immigrated to the US in 1986, after 3 years in Spain, and took up coaching local teams in Northern Virginia. After relocating to Jupiter, Florida, Julio worked for the Palm Beach County School District at Jupiter High School, serving as the Community Liaison, and working as a counselor with the ESL students and their parents. Julio and his wife, Pat, retired two years ago and have traveled the country and the world taking care of pets and houses while the owners are away on vacation. A house sitting assignment brought them to Bend, and they don't want to leave, this place is too good to be true.

**Playing:** Growing up in Montevideo, Uruguay, Julio played soccer on the streets, on the beach and sometimes on regular fields, advancing through various neighborhood and club teams, and making it to the college level, but he wasn't good enough for the pros.

**Professional:** Julio's coaching career in the US includes time at the club and developmental level, as well as almost 20 years as a Varsity high school coach.
