

Personal: Levi is excited to be back for his 7th year of residency in Central Oregon. When not coaching, you can typically find him at the dog park with his husky (Pyro), at the mountain snowboarding, or on a lake nearby wake boarding as long as the weather permits.

Playing: Levi played 3 years varsity soccer at Summit High School here in Bend. In his senior year, playing goalkeeper, he posted 7 straight clean sheets to end the season, helping the team earn their first and only state title. After high school, Levi attended and played soccer for Northwest Christian University in Eugene. In his junior year, the team set several school records including most wins, highest placing finish in conference, least goals against, and most clean sheets in a single season.

Professional: While attending Northwest Christian, Levi was also Eugene Timbers Futbol Club's head goalkeeper coach.

Quote: "I began coaching with the intention of helping children become the best they can possibly be on and off the field. Through every training session and learning opportunity, I always try to implement this mindset."
